Academic Excellence ... Friendly, Collegiate, Close

You'll find it all at Naugatuck Valley Community College. Students who pursue their education here do so at an affordable cost amid beautiful, safe surroundings. NVCC is a nonresidential public institution, technologically fully equipped, with more than 100 accredited programs leading to associate degrees or professional certification. Many individuals begin their college careers here and, upon graduating, find their credits easily (and cost-effectively!) transferable to four-year colleges or universities. In addition, NVCC offers well over 100 non-credit courses designed to sharpen professional proficiency, develop a talent, or improve practical and/or employable skills.

The **smart** choice.

Associate Degree Programs
