

The **smart** choice.

Academic Excellence ... Friendly, Collegiate, Close

You'll find it all at Naugatuck Valley Community College. Students who pursue their education here do so at an affordable cost amid beautiful, safe surroundings. NVCC is a nonresidential public institution, technologically fully equipped, with more than 100 accredited programs leading to associate degrees or professional certification. Many individuals begin their college careers here and, upon graduating, find their credits easily (and cost-effectively!) transferable to four-year colleges or universities. In addition, NVCC offers well over 100 non-credit courses designed to sharpen professional proficiency, develop a talent, or improve practical and/or employable skills.

Quality Programs

Planning to launch your career right after graduation? The cutting-edge programs at NVCC address exactly the requirements today's employers have when hiring for the broad array of career-fields noted in our Programs of Study listings.

Important New Associations

Education is always more than just taking courses. Meeting people, discovering different and exciting dimensions of life — college is about expanding your universe. NVCC has more than 40 clubs and organizations including professional and honor societies you can join. Choose one or more, and grow!

Mission

To offer quality, affordable education, and training in response to evolving community needs by providing opportunities to individuals and organizations to develop their potential.

Conveniently Located, Comprehensive NVCC

Our beautifully appointed campus with its air-conditioned classrooms and 1000-plus computers is located minutes from exit 18 off I-84. Here you'll find our wonderful Student Center and Fine Arts Center (with two theaters, art, music, dance and video studios, multi-media labs and rehearsal rooms), our Learning Resources Center, observatory, cafeteria and so much more.

Tuition Even a Student Can Love

At under \$2900 per year, NVCC's tuition is in startling contrast with the often-astronomical cost of attending a four-year private college or university. Thinking of starting here and finishing there? Save thousands on your ultimate four-year degree! Add to that the new tax credits, available financial aid and payment plans, as well as the Hope and other scholarships, and you'll see why choosing NVCC is truly a superb life investment.

Quality Programs • Transferable Credit • Convenient Location • Affordable Tuition

NVCC is accredited by the New England Association of Schools and Colleges, Connecticut Board of Governors for Higher Education, and several special program accreditations including the National League of Nursing, and the Technology Accreditation Commission of the Accreditation Board for Engineering and Technology.
